Rich,

At some point, you'll have to do a write up of START's performance. Here's my input.

I was with Ex. 4 - CBI and his crew from Monday (2/6/12) through Thursday (2/9/12) and with Ex. 4 - CBI and his crew on Friday (2/10/12). All members of the crew were competent and conducted themselves in a professional manner. The leads had a good grasp of what we were doing and interacted well with the PA DEP and showed up at each sampling location on time. I have no complaints about their performance.
